## Job

Comments

Hi I am Daniel Sam Alexander. I am doing my final year B.Tech Bioinformatics at Karunya University. I am a very mediocre student and I had arrears till my 6th semester. And, because of my arrears, I could not attend any of the placements which was held in campus and off campus.

By Gods precious and amazing grace, I was able to clear all my arrears in the 7th semester and God miraculously placed me in a core company (Consortium Clinical Research .pvt. ltd, Coimbatore) and got an offer letter and I was asked to join the company in the month of June 2012. Now I strongly testify that, I am one in a million Gods choice. I give all the glory and honor to my Lord Jesus Christ.

I'm so happy for you. I have also been praying and believing God for a job. I know the God who did it for you will also do it for me, and everyone in the same shoes as me!
